ABOUT ME

Currently, I am finishing DAM (Multiplatform Application Development) and working in honei, a Startup winner of the Seedrocket award and nominated for the best Startup 2022 by SIL Barcelona.

I consider myself an insatiable person with a desire to learn new technologies in a self-taught way. I am passionate about creating programs that help improve people's lives.

I like to face new challenges, both individually and as a team, being a person with many concerns and very resourceful in any aspect, seeking optimization in the development itself.

EXPERIENCE

Yopidoya S.L (honei) - Barcelona (2023 - Present)
